Course Summaries and Schedules :

3-Day Beginner Micro-Pigmentation Course

Learn all that's needed to start a career in the profitable industry of permanent makeup. With hands-on practice on live models and practice skin, you'll learn guidelines for safety and sanitation, effective anesthetic techniques, intricacies of eyebrow shaping and shading, finer points of eyeliner application, utilization of color to solve lip shape problems, color theory and pigment usage, color mixing, camouflaging and skin tone interpretation, mistake correction, and more.

Day 1

Color Theory

Micro pigmentation usage

Choosing colors for eyebrows, eyeliner and

lip liner

Skin tone interpretation

Written color theory test

Sanitation and sterilization

Written sanitation & sterilization test

Eye Liner

How to avoid smears and smudges

Achieving good symmetry and density

Learn how to control pain

Day 2

Lip Liner

Lip color retention

Application of topical anesthetics

Applying colors to enlarge or minimize lip size

Eyebrow

Learn artistic techniques (use of brow ruler)

Shaping, filling and coloring of eyebrows

Prevent & correction of blue, purple brows

Homework practice on paper and skin sheet

Day 3

Use of Permanent Makeup Machine

Machine assembly for correct operation

Comprehensive needle use and application

Identification of parts

Machine positioning and skin support

Lab Practice & Performance

Hands-on with life-like mannequins

How to correct possible mistakes

Effective pain control system

Learn how to give an effective consultation

2-Day Advanced Micro-Pigmentation Course

Take your micropigmentation skills to the next level. Learn advanced techniques that reduce procedure time while increasing customer satisfaction. Master the art of camouflage, full-lip coloration, and more. You must have proof of prior Micro-Pigmentation knowledge to enroll.

Day 1

Eyebrows

Perfecting uneven eyebrow technique

Preventing & correcting brow color fading and casts

Techniques for eliminating touch-ups

Correction & Camouflage pigmentation.

Day 2

Eye Liner

The 3-minute eye-liner technique

Working with client's skin type and pigment acceptance

Preventing pigment fading & migration

Correcting for blue & gray color casts

Different thicknesses of eyeliner & add flare

Lip Liner

Lip liner and full lip application

Techniques for correcting blue or purple-shade lips

Proper use of round or flat needles

Lip color retention

Advanced Color Theory and Pigment Use

Understanding skin undertones that affect color shades

Color correction and custom pigment formulations

Enhancing client's inherent natural beauty

Alternatives to permanent makeup for non-candidates (poor eyesight & shaky hands)

Camouflaging

Reshaping and redesigning old eyebrow, lip and eyeliner

Correcting camouflaging mistakes and problems

Form

Call: (909) 444-0101 Fax: (626) 581-3466

17807 MacLaren St., City of Industry, CA 91744

- Question & Answer
- Technique test
- Professional Market Development
- Increasing business by committing to excellence
- Overcoming customer objections
- Developing exceptional presentation skills
- Increasing your confidence and professionalism
- Become a highly skilled certified technician

2-Day Feather Touch Course

Become an eyebrow perfectionist. Learn how to create symmetrically stunning eyebrows with both pencil and stencil by using techniques that ensure correct brow shape, weight, and position. Gain an understanding of hair stroke tempering and get the secrets of creating lifelike brows with Feather Touch needles. This course also includes learning the proper application of analgesics, and getting hands-on experience with our 5-brow practice skin and live models. You must have proof of prior Micro-Pigmentation knowledge to enroll.

Day 1

Introduction & Layout

- Introduction of the Feather Touch Kit
- Layout with pencil to ensure brow shape, position, arch, and tail

Day 2

Special Techniques

- Revolutionary new needles
- Techniques for pain control
- Creating hair strokes for a super-realistic 3-D look
- Hair Stroke Tempering
- Adding life and realism to old brows with hair stroke
- Hands-on practice with 5-brow practice skin
- Technique test
- Additional Business
- Generating market demand for returning clients

2-Day Master Feather Touch Course

A highly-specialized needle deep technique that creates each and every stroke as if it's part of you! It doesn't matter if you like them arched and feathered or straight and bold, eyebrows are the

most important facial feature. This Class is designed for those who want to further their skills with various types of stroke patterns, fundamentals of skin and advanced procedure techniques. You must have proof of prior Micro-Pigmentation or Feather Touch knowledge to enroll.

Day 1

Introduction

- Master fundamental and technique theory
- Demonstrate drawing eyebrow on skin material
- Demonstrate implementing pigment onto skin material
- Student practice and homework assigned (due next morning)

Day 2

Live Practice

- Critique homework
- Ombre technique for shading
- Learn RulerTouch for balance
- Male hair stroke pattern
- Tool usage demonstration
- Live model Demonstration on brow procedure
- Student work on live model with instructor's assistance

2-Day Classic & 1 Day Volume Eyelash Extension Course

These two programs will instruct students to apply long lasting lashes. Students are taught all the application techniques, and tools used to create the 3 levels of looks offered: natural, enhancement, and dramatic. Our Classic course involves applying lashes with a natural look while our Volume course works with thinner lashes applied in a much fuller volume. To enroll in our Volume course, you must have proof of the completion of Classic Eyelash course or prior Eyelash Extension knowledge. A full Classic and Volume lash kit is offered with all the tools and products needed to fully learn and start a career in eyelash enhancement. ***A copy of Current Cosmetology/ Esthetician license number is required for both classes.

Day 1 & 2

Introduction & Layout

- Introduction of the Lash Kit

- Eyelash Growth Phases
- Skin Sensitivity & Reactions
- Extension Procedures
- Eyelash Preparations
- Removal Procedure
- After Care & Maintenance
- Incorrect Applications & Damages
- Client Consultation & Consent

***Volume is a one day course that focuses on training with fuller volume of thinner lashes for a dramatic look.

3-Day Paramedical Course

Students in the Paramedical Course will learn about camouflaging burns, scar tissue, mastectomy, vitiligo, areola color restoration, scalp micro pigmentation, and advanced scar camouflaging techniques. At the completion of this course students will be able to work with doctors and surgeons to cosmetically enhance the desired look of a patient's skin after recovery. This course will give the opportunity at a career working alongside doctors, surgeons, and medical professionals. You must have proof of prior Advanced Micro-Pigmentation knowledge to enroll.

Day 1

Introduction to Corrective Pigment

Camouflage

- Patient / Client Information
- Camouflaging Procedure Hints
- Practice on the Mannequin Head

Day 2

Areola Nipple Repigmentation & Restoration

- Post-Procedure Care
- Breast Reduction / Mammoplasty
- Breast Augmentation / Augmentation
- Mammoplasty
- Breast Reconstruction Following Breast Removal
- Work on Live models

Day 3

Scalp Micro-Pigmentation (Tricopigmentation)

- Homework practice on skin materials
- Review on Day 1 & Day 2
- Work on Live models

Types of Breast Cancer

Attendance: Class attendance is the student's responsibility. If any student feels they are unable to complete the course as needed, they must notify the instructor *immediately* so that other arrangements can be made. The tuition amount will remain the same.

BioTouch Instruction and Staff: BioTouch Instructors are rigorously trained in all phases of Permanent Makeup technology. Programs are updated to keep pace with the latest technique and procedures. Ensuring our students the best education possible. This is to guarantee confidence and satisfaction that you are learning from the best!

BioTouch offers complete training and certification in Permanent Makeup, however, each state has its own rules and regulations governing this profession. Please check your state and city for approved policies and procedures.

Canceled or Relocated Classes: BioTouch reserves the right to cancel a class at its discretion, if the attendance does not meet our minimum requirements. Students shall be notified and refunded 100% of their amount paid, if the class is canceled.

BioTouch reserves the right to relocate a class if unforeseen circumstances force us to do so. Students will be notified as soon as the new location information is confirmed and established.

Questions or Grievances: BioTouch will make every effort to resolve any concerns that a student may have, and such questions should be submitted to your Sales Representative as soon as it is practical to do so.

Refund Policy and Procedure :

BUYERS RIGHT TO CANCEL: BioTouch International, for all students, without penalty or obligation, shall refund 100% percent of the amount paid for institutional charges, **less the nonrefundable registration and Health Department processing fees (if applicable)**, if Notice of Cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later. **Any notification of withdrawal or cancellation, and any request for a refund are required to be made in writing.**

Refund Policy: For students who have **completed 60% or less** of the course of instruction, shall be a pro rata refund. The pro rata refund shall be calculated as follows:

1. Deduct the non-refundable registration and Health Department processing fee (if applicable) from the total tuition charge
2. Divide this figure by the number of hours in the program
3. The quotient is the hourly charge for the program
4. The amount owed by the student for the purposes of calculating a refund is derived by multiplying the **total hours attended** by the **hourly charge for instruction, plus the amount of the registration fee** specified in paragraph (1).
5. The refund shall be any amount in excess of the figure derived in paragraph (4) that was paid by the student.

Students completing more than 60% of the class are not eligible for a refund.

Machine/Equipment Fees:

The BioTouch Student Kit is complementary to each student who has paid the full tuition amount.

If a student requests a refund of any kind, all equipment and components of the complementary "Student Kit" described on the Schedule of Fees and Enrollment must be returned to BioTouch within 30 days from the date of the requested refund.

If the student fails to return that equipment in good condition, allowing for reasonable wear and tear, within 30 days following the date from the student's withdrawal, BioTouch may offset against the refund calculated, the documented cost to BioTouch, of that equipment at the fair market value of \$470.00. The student shall be liable for the amount if any, by which the documented cost for equipment exceeds the refund amount, calculated.

Payment of Eligible Refunds:

BioTouch shall pay or credit refunds due on a reasonable and timely basis, not to exceed thirty (30) days following the date upon which the student's **written notice of withdrawal** has been received 24 hours prior to scheduled class time and determined by our accounts department. Please send notice of withdrawal to ar@biotouch.com. Please include your name, phone number, name of sales representative, class or classes' enrolled, reason for absent attendance, and method of payment used.

Note: All eligible refunds will be reimbursed the same way payment was made. If you have paid in cash, a company check will be issued. Cash refunds will not be given.
